counts!

OUR PROJECT

On November 26, 2026, we will celebrate the 100th anniversary of St. Elisabeth Church in Harvestehude with a joyful and colorful event. Until then, we aim to carry out further urgent renovation work, supported by a donation campaign and your help.

OUR FUNDRAISING GOAL

The estimated cost for scaffolding, painting (last done over 30 years ago), and restoration of the six skylight windows in the nave (never restored since 1926) is €200,000.

SHARED FINANCING – JOINT COMMITMENT TO THE FUTURE

Our building reserves are not sufficient to cover this. That's why we continue to rely on your loyal support. Together, and only with your help, along with support from the St. Elisabeth Foundation, can we reach our fundraising goal. Open your heart and contribute – whether with a small or large donation – so that St. Elisabeth can remain a spiritual and social home for many in the future.

TRANSPARENCY AND TRUST

The previous donations (private donations, sponsorship amounts from Denkmalschutzamt and the St. Elisabeth Stiftung) have been put to excellent and targeted use. The current focus is on the nave of St. Elisabeth. Thanks to your previous support, we've already successfully completed the renewal of the Beckerath organ, painting of the organ loft, restoration of the processional cross and holy water font, and the refurbishment of the two altar windows, including the painting of the altar area.

BECOME A FOUNDER – CHOOSE YOUR DONATION AMOUNT

You can sponsor:

- Painting work (€70 per square meter)
- Window panes of the skylight windows:
 - One single pane (€60)
 - A panel of 12 panes (€720)
 - An entire skylight window of 120 panes (€ 7.200)

Of course, any donation helps – the amount is entirely up to your generosity.
